

Make a hen from your recycling

You will need:

An old egg box Glue or tape Scissors

Old cardboard or paper Paint Decorations

1 Carefully cut up your egg box. You want to be left with one egg cup and one tall point from the middle.

2 Cut off the excess from around the rim of the egg cup.

3 Using the paper or cardboard, create a beak and comb for your hen.

4 Glue the beak and comb onto your hen. Draw or glue on your hen's eye too.

5 Now it's time to decorate! Add feathers, paint or collage to bring your hen to life.

6 Once everything is dry, you can use your hen as a handy egg cup!

Don't have an egg box?

Here's some other ways you can create your own hen using other items that you might find in your recycling box.
